## 6 CONFERENCE ABSTRACT CATEGORIES

OTOLOGY

HEAD AND NECK

RHINOLOGY

PEDIATRIC

AUDIO  
VESTIBULAR/SPEECH

PHONIATRIC &  
SLEEP MEDICINE

1

### OTOLOGY

Otology is a branch of medicine which studies normal and pathological anatomy and physiology of the ear as well as their diseases, diagnosis and treatment.

2

### HEAD AND NECK

Head and neck surgery is a specialty within the field of ear, nose and throat medicine (otolaryngology) that focuses on surgically treating head and neck disorders.

# SUBMIT YOUR ABSTRACT TODAY

## DEADLINE: FRIDAY 01 JULY

[www.ent-oman.com/submit-abstract](http://www.ent-oman.com/submit-abstract)

3

## RHINOLOGY

The medical science devoted to the anatomy, physiology and diseases of the nose and the paranasal sinuses.

4

## PEDIATRIC

The branch of medicine dealing with the health and medical care of infants, children, and adolescents from birth up to the age of 18.

5

## AUDIO VESTIBULAR/SPEECH

Audio Vestibular studies examine hearing and balance. Comprehensive testing and personalised treatment can help dizziness, vertigo and balance concerns.

6

## PHONIATIC & SLEEP MEDICINE

Phoniatrics is a medical specialisation that deals with voice, language, speech, hearing and swallowing diseases and disorders.

# CALL FOR ABSTRACTS GUIDELINES

All submitted technical abstracts will be reviewed by the Scientific Committee. Early submission is important to ensure the Committee members have ample time to review the abstracts. Authors are strongly encouraged to submit their abstracts online at [www.ent-oman.com/submit-abstract](http://www.ent-oman.com/submit-abstract) before **Friday 01 July 2022 at 11:59 PM Muscat Time (GMT4+)**.

## ABSTRACT SUBMISSION

- Abstracts should include up to 500 words and be written in English. Any entry submitted in a different language will not be considered.
- You are welcome to include additional information, such as illustrations, graphs or tables in the abstract file.
- Please do not submit the same abstract more than once. If you believe your abstract is relevant to multiple categories, please select one that is the best fit.
- One person can submit multiple abstracts within the same category or across multiple categories. However, please do not submit the same or slightly modified abstracts multiple times, as they will be deleted.
- If you have presented this abstract previously, you can still submit but you will need to provide details of when and where it was presented before.

## GRADING CRITERIA

- Quality – the quality of the technical information provided. Data in the abstract must be correct in terms of technical applications.
- Impact – what field or organisational impact does your work have? Please include relevant results and/or case studies.
- Novelty – your abstract should demonstrate innovation and originality, and contain significant new knowledge, technical results or experience.
- Interest & relevance – how relevant is your submission to the Technical Category? How interesting is the subject matter to the conference audience and the society overall? Will it grab their attention?

## GUIDELINES FOR ACCEPTED ABSTRACTS

- You will be notified on 10<sup>th</sup> July 2022 if your abstract has been accepted. All authors who submitted their abstracts will receive an email stating if their abstracts have been accepted or not.
- Authors of accepted abstracts must register in the conference to attend and present their abstract.
- Authors of accepted abstracts will be required to prepare PowerPoint presentations or poster, detailed instructions on the preparation will be sent to all authors once acceptance has been received.
- The conference does not require authors to submit their technical papers (manuscripts), as we do not publish these.
- The organiser assumes no obligation for expenses by authors for travel and accommodation to attend and speak at the event.

## ABSTRACT CONTENT

- Description: Summarise the scope and nature of the work upon which the abstract is based, e.g. clinical data, lab data, original analysis, technology.
- Applications: Describe the possible application of the information provided in the abstract
- Results and conclusions: Summarise the results and major conclusions to be presented, state specific conclusions of the work and how these differ from previous work on the same subject. State whether new information will be revealed and whether data will be included.
- Technical contributions: Describe the significance of the subject matter in the abstract by listing technical contributions or additions to the technical knowledge relevant to the selected category.

## TECHNICAL CATEGORIES

There is a choice of 6 different technical categories. Please have a thorough read through all of them, and select one category that describes your abstract best. Please do not submit the same abstract more than once, as duplicates will be deleted.

## TECHNICAL CATEGORIES

Your abstract should not use language that is commercial in tone in the title, text or abstract file. The use of such terms will result in careful scrutiny by the Scientific Committee and may result in exclusion from the evaluation process.

# 23<sup>rd</sup> OMAN OTOLARYNGOLOGY HEAD & NECK AUDIOLOGY CONFERENCE

15<sup>th</sup> GCC ORL H&N SOCIETY CONFERENCE
